Dear student,

Warm greetings of the Day!

SCHEDULE OF WORKSHOP ON MOOTING

Mooting as an activity aims to inculcate and improve the research, presentation and argument talent in students so as to equip the budding pleaders with all the court room etiquette, research experience and advocacy skills. At Lloyd it is a key co-curricular activity wherein the presentation skills and talents in argument of students are screened and further notified about their level in the competition on regular basis. This initiative is well supported and effectively carried out by a dedicated Moot Court Society.

Moot Court prepares students to participate in simulated court proceedings. It includes drafting of brief/memorial and further participation in oral argument before the Judges in the courtroom atmosphere. It does not involve actual testimony by witnesses or the presentation of evidence, but is focused solely on the application of the law to a common set of evidentiary assumptions/situations. Students typically spend lot of time during the semester researching and writing the memorials, as well as practicing their oral arguments.

IME is the 'Internal Selection' round of contestants from amongst BA.LL.B. and LL.B. students to represent Lloyd in all External Moot Court Competitions (International Law Mooting Competitions) during 2018-19. This time we are holding the event on **Sunday 21 Oct. 2018, 09:00.**
